

Saint Margaret Mary Catholic School

Tuition and Fees

Tuition at St. Margaret Mary varies depending on the number of students in a family and family status. We have three categories of family status for tuition purposes – registered, active, and supporting SMM Parishioners (as defined under "Parish Support Fees"); Catholics; and Non-Catholics. The Tuition and Fees Table depicts the various charges. Please refer to this table to determine the amount of tuition you will be charged for the coming school year.

Archdiocesan policy and budget reporting require that families with both Pre-K and K-7th grade students will receive 2 separate statements of account. Additionally, separate loans will apply for those financing their tuition through the school.
