

Saint Margaret Mary Catholic School

2018-2019 Tuition and Fees

Tuition at St. Margaret Mary Catholic School varies depending on the number of students in a family, and family status. We have three categories of family status for tuition purposes – Registered, active, and supporting SMM Parishioners; Catholics; and Non-Catholics. The Tuition and Fees Table depicts the various charges. Please refer to this table to determine the amount of tuition you will be charged for the coming school year.

As per Archdiocesan Policy, prekindergarten students are kept separate from students in K through seventh grade for budgetary reasons. Families with both prekindergarten and kindergarten through seventh grade students will receive two separate statements of account. Separate loans will apply for those financing their tuition through the school.
